THE READING BUSINESS COLLEGE

Is the oldest, the most completely equipped, the cheapest as well as the most thorough private school in this vicinity. Its popularity is attested by its large enrollment. Our former students patronize it. Last year we had **nineteen sons and daughters of parents who were students in this institution in former years.**

We prepare students for Business, for College, or for Teaching. We also teach Shorthand and Typewriting and the Sciences.

Night School, in which all the branches are taught, **opens October 5 and closes June 1.**

We have male and female students in day and night school.

If you wish to prepare for any station in life, **The Reading Business College** offer the best advantages.

Call at the college or write for circular.
